Restrictions on telephone installations and changes

To Save War Materials

IF YOU PLAN TO MOVE TO NEW QUARTERS—or to change telephone arrangements in your present home, office or other place of business—be sure to check with us on the availability of equipment and possible restrictions. Just call the Business Office. (Dial 811.)

The war has brought restrictions on telephone installations.

We cannot give you an extension in your home.

We cannot replace your existing equipment except under certain conditions.

We are still taking orders for service where facilities are ample. However, we cannot expand our central office equipment or extend our lines without special authorization from the War Production Board. Exhaustion of spare facilities in any locality or section will therefore result in restrictions on new service.

All this is made necessary because vital war materials must be conserved and the Army, the Navy, the defense organizations and others directly engaged in war work must have first call on telephone service.

We feel sure that we will have your complete understanding and wholehearted cooperation. These restrictions are part of the price of winning the war. You may be assured that we will make the best possible use of all telephone facilities available.

Revision in the present War Production Board orders may be made from time to time. This possibility makes it doubly important that you check with us before you move or plan to change your telephone arrangement.

Inquiries—Suggestions—Bills

Whether you bring your telephone needs to us by telephone, in person or by mail, you will find at our business offices an attitude of friendly helpfulness.

Have you had difficulty, for one reason or another, in paying your telephone bill? Tell us about it, and perhaps satisfactory arrangements can be made.

Have you a suggestion as to how we can serve you better? Let us know what it is. It may be the means of effecting a worthwhile improvement in your service.

We realize that difficulties will sometimes occur in spite of our best efforts to avoid them. When they do, we are anxious to correct them promptly and to take steps that will prevent them from happening again. When you wish to report any service difficulty or to obtain assistance, please follow the directions on Page 1.

If any matter is not handled to your satisfaction after you have followed these directions, please call the Manager who is in charge of your own central office. You will find his name and telephone number on the opposite page. No charge is made for calls from Brooklyn to any business or administrative office of the Company in New York City and suburbs.

Business Office Service

Your account is handled by a representative who will be glad to arrange for any changes in your service, furnish information about bills, directories, etc., or answer any question you may have about telephone service.

From your own telephone, call the Business Office (Dial 811). From a telephone other than your own, give the operator the number of the Business Office, as shown on the opposite page.

If you prefer to transact business in person, please go to the business office most convenient to you. (See below.)

The business offices are open weekdays from 9 to 5, except Saturday, when they close at noon. If, outside of these hours, an emergency arises requiring immediate establishment or restoration of service, dial EX change 6-5100 and ask for the Manager.

Bill Payments

Telephone bills are rendered once a month and are due on presentation. Payment within fifteen days will be appreciated. If this is inconvenient, the business office will make every reasonable effort to arrange a more convenient payment date.

When paying by mail, please return the bill stub with your check. If the stub has been mislaid, please write your telephone number on the check. If you have mislaid the return envelope, address the business office nearest you. (See below.)

When paying in person, please bring the bill to any of the offices or banks listed below.

Your bill covers service charges for one month following its date, and out-of-town calls and additional local calls made in the month preceding its date.

If you have any question about your bills, just call the Business Office (Dial 811) and ask for the representative handling your account.

Telephone Services and Other Information

Customer Service Bureau

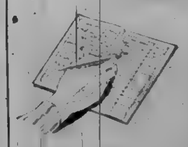
The Telephone Company maintains a Customer Service Bureau whose sole job is helping business people to make more effective use of their telephone service. Its services are available to you without charge. All you need do is call the Business Office (Dial 811) and ask that a representative call on you.

Identification of Employees

Every employee of the Telephone Company authorized to install, inspect, repair or remove the Company's apparatus carries a card showing the Company's name and the employee's number and photograph. Other Telephone employees also carry suitable identification. We suggest that customers refuse access to their premises to anyone who represents himself as from this Company, but who cannot so identify himself.

Telegrams by Telephone

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph Company following instructions shown under the listings of that company in this directory. The telegraph charges will appear on your telephone bill. You may also telephone your telegrams from public telephones, paying as you would for a telephone call.



Attachments to Telephones

The Company does not sanction the use of any devices except those furnished by it. This is in the interest of good service, since many of the devices offered for sale which are claimed to improve the service actually interfere with the service. Where ordinary equipment does not meet any particular need, the Company is ready to furnish special equipment at reasonable rates.

WINTER-SPRING 1941

Telephone Number Services

Personal Number Lists

The quickest, easiest way to get telephone numbers is to refer to your own personal list. We have two attractive booklets for just this purpose—one designed for keeping in your desk at the office or near your home telephone, the other small enough to carry with you in your vest-pocket or hand-bag. The Business Office (Dial 811) will send you, on request, either or both of these booklets.

Directory Services

Every customer in Brooklyn is given a directory listing Brooklyn customers.

Directories are also available without charge for Manhattan, The Bronx, Queens, Staten Island and suburban points. To give these books to all Brooklyn customers would be an inconvenience to most customers and a needless expense to the Company. In cases where they are required, they are furnished on request.

Directories other than those mentioned above may be obtained at a nominal charge by calling the Business Office (Dial 811).

If your directory becomes lost or mutilated, the Business Office will replace it. To prevent mistakes, we ask that you return old books when new ones are delivered.

Classified Directory

Every Brooklyn customer is also given a separately bound classified directory printed on yellow pages. It lists all Brooklyn business and professional telephone numbers under suitable headings. No matter what commodity or service you want, you can generally find in the classified directory someone who can supply it.

Additional listings and advertisements in the classified directory may be arranged for by calling the Business Office (Dial 811).

Displaying Telephone Numbers

It will be a convenience to those who may wish to call you and will help to speed service if you will print your telephone number on advertising material, stationery and elsewhere just as you do your street address.

Although we cannot guarantee that any number will be permanent, we make no changes in numbers unless the needs of the telephone system itself make it essential to do so. When a number is changed, we give as much advance notice as possible.

Directory Listings

If you have a telephone you are of course entitled to one free listing. If you have more than one telephone line, you are entitled to one free listing for each line up to three. Listings in addition to your free listings may be obtained at 25c each per month.

When you get a new directory, please check your own listings and, if incorrect, notify the Business Office at once so that we may adjust our records for the next issue and protect your service in the meantime.

Many telephone users take additional listings so that their telephone numbers will be listed in other places in our directories where people may look for them. Here are some of the listing arrangements you may secure by calling the Business Office (Dial 811).

When you want to list your home telephone with your business telephone.

Blackjack R W Ins 480Court ..... TRiangl 5-9970

Please Do Not Call INFORMATION For Numbers Already in the Directory

Nearly 5½ million telephone directories are distributed every year in New York City to help telephone users find the numbers they wish to call. For numbers that are not listed in the directories, we furnish an information service.

Despite the availability of directories, about 175,000 calls are made to Information every day for numbers that could easily be found. Those unnecessary calls take the time of operators and use telephone equipment which might better be used for handling the vital war calls that are flooding the wires of the entire telephone system.

For that reason, unnecessary calls constitute a difficult wartime problem. In normal times, this problem could be solved by adding new equipment but that is no longer possible. The copper and other materials needed are now going into guns, planes, tanks and shells instead. So your understanding cooperation is needed if we are to meet successfully the problem of unnecessary Information calls.

WE ASK YOUR COOPERATION IN THESE 3 WAYS

1. Keep in your pocket, handbag or desk—or near your telephone—your own personal list of numbers.
2. Look up numbers you are not sure of. Refer to your personal list or the telephone directory and call "INFORMATION" only when you cannot find the number.
3. If you must get a number from Information, jot it down so you will have it the next time you need it.

What We Are Doing, in Addition to Publishing the Directories, to Help You Get the Numbers You Want Without Calling "Information"

FREE

IMPROVED TELEPHONE LIST BOOKLETS

Designed after we had asked thousands of telephone users what kind they would like. TWO SIZES: (2⅝"x4") For pocket or handbag, with space for 235 names, addresses, telephone numbers and memoranda. (4⅝"x7⅛") For home or office, with space for 400 names, addresses and telephone numbers. Each size has an alphabetical index for quick, easy reference. For either booklet, call our Business Office (Dial 811).

More Local Directories at busy public telephones and private switchboard extensions. If additional directories are needed, let us know.

Memo Paper at busier public telephones, for jotting down telephone numbers.

Better Directory Arrangements at public telephones.

Improved Listing Arrangements in all telephone directories.

Free Announcement Cards for Subscribers, to notify friends or customers when they have new or changed numbers.

This is a continuous program, and other improvements will be incorporated from time to time. Further practical suggestions from telephone users will be welcome.

Please keep "Information" lines clear for necessary calls!

WINTER-SPRING 1944

Telephoning Out-of-Town

The rise in the daily volume of long distance telephone calls, due almost entirely to a constantly increasing number of war calls, is presenting a serious problem.

To insure prompt handling of war calls we are obliged to ask long distance users to refrain from placing social or business calls that are not essential.

If you feel you must make a call that is not essential to the conduct of the war, and you encounter delay, will you please consider cancelling the call? Delay means that war calls are waiting.

Station-to-Station Calls

If you will talk with anyone who answers the number you are calling, it is a station-to-station call.

Dial the Operator and tell her the city, state and the telephone number. If you don't know the number, say "St. Louis, Missouri, Anyone at Read's Warehouse, 2100 Broad Street." The charge for a station-to-station call begins when the called telephone answers.

Person-to-Person Calls

If you want us to connect you with some particular person, or with a particular extension telephone or department reached through a private switchboard, it is a person-to-person call.

Call Long Distance (Dial 211). Tell the Operator the city, state and person (or extension) you want and also the telephone number if you know it. The charge is slightly more than for a station-to-station call and begins only when you reach the person (or extension) you want.

If you are not sure of the whereabouts of the one you wish to reach, Long Distance will try to find him.

Calls to Overseas Points

Just call Long Distance (Dial 211) and ask for the Overseas Operator. She will place your call, or quote the rate to any point to which service is available.

Collect Calls

If you want the charge for an out-of-town call to be put on the bill of the called party, tell the Operator when you make the call that it is a "Collect Call." If someone at the called telephone agrees to accept the charges, you will be connected.

Collect calls cost no more than other out-of-town calls, except in the case of station-to-station calls having a basic charge of 20c or less. The time at the calling point governs the application of rates on collect calls.

Collect calls cannot be made to ships at sea, or to points outside the United States except Alaska, Canada, Cuba, Hawaii and Puerto Rico.

Appointment and Messenger Calls

The Long Distance Operator will arrange an appointment, if you wish, to be sure the called party will be at the telephone when you call. The charge is the same as for a person-to-person call. She will send a messenger to find the called party on any person-to-person call for a small additional charge.

Calls to Ships at Sea

Just call Long Distance (Dial 211) and ask for the Marine Operator. She will place your call, quote rates or furnish other information regarding Ship Telephone Service.

OUT-OF-TOWN RATES FROM DOWNTOWN BROOKLYN

NIGHT AND SUNDAY RATES ARE GENERALLY IN EFFECT FROM 7 P. M. TO 4:30 A. M. AND ALL DAY SUNDAY

(The Time at the Calling Point Governs the Application of these Rates)

Station-to-Station Rates of 25 Cents or Less are for 5 Minutes—Other Rates are Generally for 3 Minutes.

† From June 25 to Sept. 10 inclusive, reduced rates apply only from 4:30 a.m. Sunday to 4:30 a.m. Monday.

Rates and taxes are those in effect January 10, 1944.

On calls under 25¢ U.S. tax is 10% of the total of such charges. On calls of 25¢ or more, tax is 20% of the total of such charges. From coin telephones, however, the tax is computed to the nearest multiple of 5¢ on each call individually.

WINTER SPRING 1944

Charges for Local Service

Message Rate Service: The monthly rate for this service pays for all out-going local calls up to a certain number. A charge is then made for each call over that number. No charge is made in case your call is not completed because of a "Line is busy" or "Don't answer" condition, or for any other reason. If you get a wrong number, call this to the attention of the Operator.

New York City is so large and its telephone system so complex that it has been necessary to divide the city into rate areas as shown on this map.

Each call to your own or a nearby zone counts as one call. Each call to more distant zones counts as two and in some few cases three calls. The Business Office will be glad to send you a card showing this information for calls made from your telephone or the Operator will be glad to tell you whether a call you wish to make is a one, two or three-call charge.

Calls that are dialed without the assistance of an operator are counted by an accurate system of mechanical registration. All other calls are recorded by the operator.

Some message rates provide for an overtime charge on all toll calls of more than five minutes. However, we do not make an overtime charge within the one-call range unless the time is materially in excess of five minutes.

Flat Rate Service: Residence service can also be had at a monthly charge which pays for all Brooklyn calls. Calls to other points in New York City are charged for at 5c, 10c, or 15c for the first 5 minutes. The Operator will be glad to tell you the charge for any call at any time or a card showing this information may be secured by calling the Business Office.

How to Dial

If you are not sure of the number, look for it in your personal list or in the directory. If you can't find it, dial 411 (Information.)

Let's say the number is FOxcroft 9-9070

Remove the receiver.

LISTEN FOR THE DIAL TONE—a steady humming sound indicating that the equipment is ready for your call. If you do not hear the dial tone within a reasonable time, hang up, wait a few seconds and try again.

Place your finger in the opening over the letter "F".

Move the dial clockwise until you strike the finger stop.

Remove your finger and allow the dial to turn back. Do not push the dial back.

Dial the letter "O" (in black) in the same way.

Then dial the figures 9, 9, 9, 7 and 0 in red.

When you hear an intermittent burr-burr-burr sound, the called telephone is ringing.

If you hear a rapid buzz-buzz-buzz sound, the called telephone is busy. Hang up and call later.

If you hear a buzz-buzz—buzz-buzz sound, you have made an error in dialing. Hang up for a few seconds and begin again, being sure to listen for the dial tone.

If you make a mistake in dialing, hang up for a few seconds and begin again, being sure to listen for the dial tone.

If you have trouble dialing a number, hang up for a few seconds. Then dial the opening where the word "Operator" appears and the Operator will help you.

The calls that you should dial and those you should give to the Operator are shown on the zone card that has been furnished you, additional copies of which may be obtained from the Business Office.

If you have a party line or an extension telephone and you do not hear the dial tone when you remove the receiver to make a call, inquire if the line is in use. If there is no response, hang up for a few seconds and begin again. Listen while dialing and if you hear another party come in on the line, inform him that it is in use and request him to hang up his receiver. When he does so, hang up your own receiver for a few seconds and begin again.
